HALLOWEEN IS QUICKLY APPROACHING...

Five little pumpkins sitting on a gate.
The first one said, "oh my it's getting late."
The second one said, "there are witches in the air."
The third one said, "but we don't care!"
The fourth one said, "let's run and run and run."
The fifth one said, "I'm ready for some fun!"
OOOhh OOOhh went the wind
And out went the lights
And the five little pumpkins rolled out of sight.

OCTOBER IS BREAST CANCER AWARENESS MONTH

You might have been wondering why the newsletter is pink this month. It is because October is **Breast Cancer Awareness Month**, which is an annual campaign to increase awareness of the disease. While most people are aware of breast cancer, many forget to take the steps to have a plan to detect the disease in its early stages and encourage others to do the same. There has been a lot of progress made but there is still a long way to go. Be sure to discuss with your local healthcare provider ways you

can be proactive in your health and early detection. Find out more at these websites:
